## How is the Green Living Areas Mission **Organised**?

**Two governance projects** working on two different dimensions:

### Community4LivingAreas

**Building a strong community** among Thematic Projects and facilitating resource to stakeholders, focusing on technical and strategic contents

**Fostering the replicability** of the community know-how, innovative solutions and technical tools

### Dialogue4LivingAreas

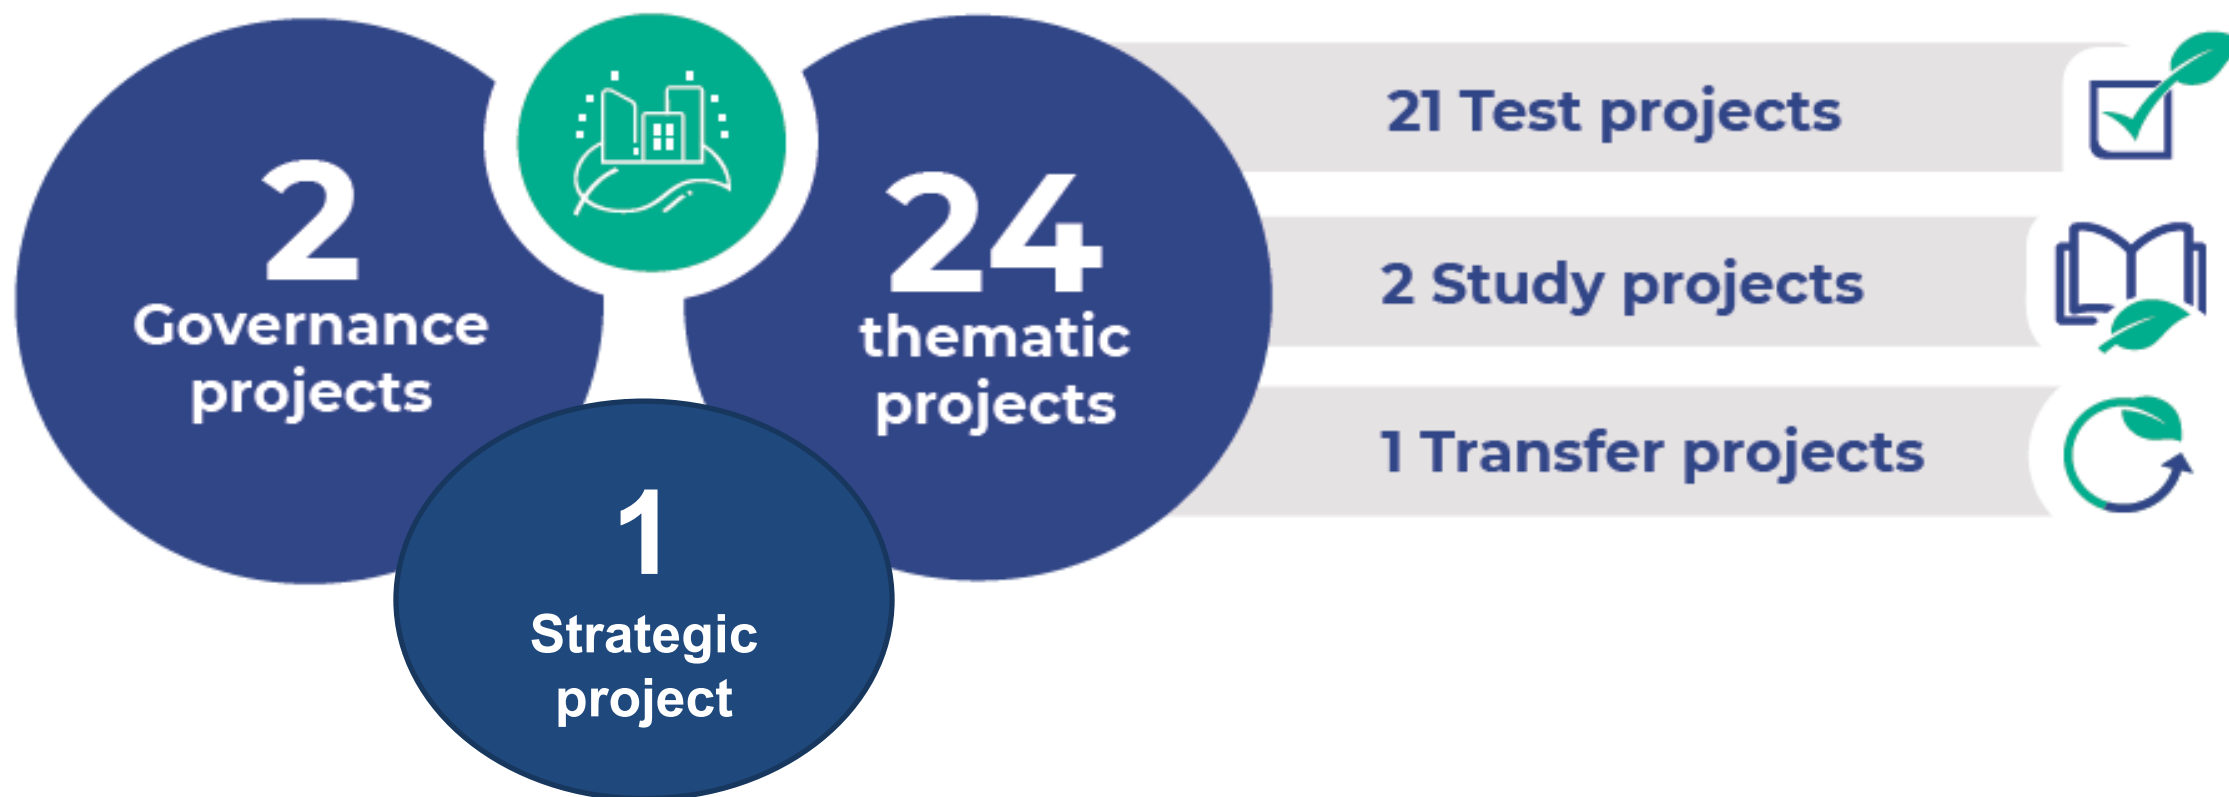

**Amplifying the transfer of policies** by fostering dialogue among policymakers and public stakeholders, focusing on continuous policy improvement and transformation

Identifying and **ensuring a significant long-term cooperation** on public policy instruments at the Euro - Mediterranean level, for an improved quality of life of citizens.

## Institutional Policy Dialogue process: Services of the Policy Hub

- Privileged exchanges among peers and with key Euro-Mediterranean stakeholders;
  - Access to information allowing you to capitalise on policy-oriented best practices;
  - Participation at European-level events;
  - Lobbying and Advocacy;
  - Other actions: more tailored to your specific needs.
- **Access to a dedicated platform: a collaborative tool for policy solutions, to be launched in October 2025!**

# Institutional Policy Dialogue process:

## Second Institutional Policy Dialogue

- In Brussels, on 15 October (afternoon), and 16 October (all day).
- Objectives: Exchanges on Policy Champions from Thematic Projects and other mature policy instruments, through co-development sessions, with the participation of Core Group members.

# Communication material about the GLA thematic community:

1 booklet of the community (= a summary of all the projects of the community with synergies among them) (will be updated with the 1 new projects)

1 short PPT presentation of the Community (few slides), for us all, when we present the framework of our work, to have a few slides explaining who is the Community
