Mission

Strengthening an innovative sustainable economy

- support **transnational cooperation of 4 helix** stakeholders
- favour increased **innovation activities, services and** organisational **patterns** towards **circularity**

- encourage the uptake of **sustainable production and consumption practices**
- improve co-implementation and **coordination** with **Regional Smart Specialization Strategies (RIS3)**

Interreg Euro-MED
Co-funded by the European Union

Mission

Protecting, restoring and valorising the natural environment and heritage

- promote **climate change mitigation and adaptation** measures
- restore **degraded ecosystems** on land and at sea

- boost the **connection of natural ecosystems** at transnational level
- valorise **economic and social value of biodiversity**

Interreg Euro-MED
Co-funded by the European Union

Mission

Promoting green living areas

- act on the negative impacts of **urban activities**
- facilitate **energy transition**

- improve **territories' resilience** to the effects of climate change
- promote **citizens' involvement** in green transition

Interreg Euro-MED
Co-funded by the European Union

Mission

Enhancing sustainable tourism

- integrate **tourism in circular economy**
- contribute to **environmental neutral tourism**

- improve **sustainability of ecosystem services**
- preserve **natural resources and cultural heritage**

Results Amplification Strategy: complementary support actions

General Objective 1: Facilitate the exploitation, sharing and reuse of knowledge, experiences and project results by other Interreg Euro-MED projects or other programmes and promote the production of relevant work	
Targets: potential project beneficiaries (TP, TCP, IDP), project beneficiaries (TP, TCP, IDP), other programmes, strategies, initiatives	
Actors: MC, JS, TP, TCP, IDP, National Contacts Points with the collaboration of other programmes, strategies and initiatives	
Specific Objectives	**Types of actions**
Actively encourage the use of existing knowledge	**MC** ✓ Integrating the obligation to exploit the existing knowledge in the terms of references of all project calls and link it to a project selection criterion **NCP** ✓ Publishing information on national websites about the Programme's Results Amplification Strategy ✓ Raising applicant's awareness of the need to exploit existing knowledge **JS** ✓ Raising awareness among beneficiaries and potential beneficiaries during seminars organised at the launch of the calls ✓ Explaining the Results Amplification Strategy through tutorials, FAQs, etc. to all potential beneficiaries
Facilitating the exploration of the existing knowledge - Interreg MED and Euro-MED projects	**JS** ✓ Organising the physical evidence of project results (deliverables/outputs) in a variable input library **Governance Projects** ✓ Organising thematic data from past, current and shared projects via **Thematic Community Projects**
Facilitate the exploration of the existing knowledge non-MED	**JS** ✓ Monitoring past and ongoing projects and initiatives and publicise them to partners and potential partners ✓ Making available results/info from other programmes/initiatives on the Programme website (from the monitoring) ✓ Participating in the Interact pilot initiative to facilitate the sharing of relevant project data **NCP** ✓ Monitoring past and ongoing projects and initiatives and publicise them to partners and potential partners ✓
Encourage the production of data in usable formats	**JS** ✓ Creating a guide (or video tutorial) containing criteria for producing physical evidence of project achievements
Stimulate the consolidation of knowledge generated by the Thematic Projects	**Governance Projects** ✓ Establish a system of continuous and systematic peer review via the **Thematic Community Projects** (sharing of results and peer review)
Facilitate the identification of relevant knowledge generated by projects (exploitable, integrable, transferable) and inspire synergies between projects	**JS** ✓ Creating "flashcards" for the analysis and validation of project results by the SC (*flashcards linked to the Programme indicators - with the possibility of integrating them into the monitoring system*) **Governance Projects** ✓ Carrying out analyses according to criteria of reusability and adaptability via the **Thematic Communities projects** ✓ Organising knowledge via **Thematic Communities projects** ✓ Inspiring linkages between thematic projects via **Thematic Communities projects**
Establish conditions to develop synergies between projects, facilitate the production and updating of relevant knowledge	**JS** ✓ Organising the sharing of administrative and technical data (contacts, locations, application forms) of past and current projects with the necessary authorisations ✓ Providing project partners with the necessary tools to ease the coordination between them ✓ Promoting project stories on the Programme website

To...	the Thematic Community Projects...
Facilitate the exploitation, sharing and reuse of knowledge, experiences and project results by Euro-MED projects or other programmes and promote the production of relevant work	✓ Organise thematic data from past, current and shared projects ✓ Establish a system of continuous and systematic peer review (sharing of results and peer review) ✓ Carry out analyses according to criteria of reusability and adaptability ✓ Organise knowledge produced by modular and strategic territorial projects ✓ Inspire linkages between thematic projects ✓ Organise exchanges between thematic projects by exploiting the administrative and technical data made available by the Programme ✓ Create and maintain partner networks in collaboration with the **Institutional Dialogue Projects** ✓ Organise the sharing of information on the implementation of projects ✓ Establish a system of continuous and systematic peer review ✓ Establish a mechanism for constructive exchange between project partners addressing similar and complementary issues ✓ Produce analysis matrices to identify potential synergies ✓ Integrate/aggregate results for collective dissemination to support communication and valorisation of results (collective or individual valorisation) ✓ Develop a joint map/database of targets at Programme level in collaboration with the **Institutional Dialogue Projects**
Encourage the transfer of practices and results to other actors and territories and their integration into local, regional, national and European policies and strategies (mainstream)	✓ Carry out analyses according to criteria of replicability, adaptability, transferability and integration ✓ Set up activities to assemble, integrate and amplify the evaluated and proven results ✓ Consolidate or creating networks for dissemination and participation of actors beyond the partnership in collaboration **with the Institutional Dialogue Projects** ✓ Disseminate aggregated or consolidated knowledge to targeted actors in collaboration **with Institutional Dialogue Projects** ✓ Establish national institutional networks to identify local and regional target actors to facilitate transfer and mainstreaming ✓ Develop and facilitate networks bringing together multi-level and multi-sectoral potential donors and recipients in the project in partnership with the **Thematic Community Projects** (local and regional) in collaboration with the **Institutional Dialogue Projects** (national and transnational) ✓ Establish working relationships and a roadmap with relevant decision makers with the **Thematic Community Projects** (local and regional) in collaboration with the **Institutional Dialogue Projects** (national and transnational) – Liaising strategy ✓ Organise seminars to share previous experiences and transfer and mainstream methodologies in collaboration **with the Institutional Dialogue Projects** ✓ Organise complementary transfer activities to reinforce the projects' approaches in collaboration **with the Institutional Dialogue Projects**
Increase coordination between actors acting on the Mediterranean (multi-level, transnational) based on this knowledge, experience and results	✓ Implement actions to actively engage target actors in networks (created, enriched, maintained) in collaboration with **Institutional Dialogue Projects** (MoU, Charter, etc) ✓ Promote interfaces with other initiatives and projects of other programmes to increase the coordination of actors to address a common problem targeted on a type of geographical area through **Thematic Projects or Institutional Dialogue Projects**

To...	the Institutional Dialogue Projects...
Facilitate the exploitation, sharing and reuse of knowledge, experiences and project results by Euro-MED projects or other programmes and promote the production of relevant work	✓ Create and maintain partner networks in collaboration with **Thematic Community Projects** ✓ Develop a joint map/database of targets at Programme level in collaboration with **Thematic Community Projects**
Encourage the transfer of practices and results to other actors and territories and their integration into local, regional, national and European policies and strategies (mainstream)	✓ Actively promote the replication of successful activities to local, regional and national authorities ✓ Consolidate or create networks for dissemination and participation of actors beyond the partnership in collaboration with **Thematic Community Projects** ✓ Disseminate aggregated or consolidated knowledge to targeted actors in collaboration with **Thematic Community Projects** ✓ Develop and facilitate networks bringing together multi-level and multi-sectoral potential donors and recipients in the project in partnership (national and transnational) in collaboration with **Thematic Community Projects** (local and regional) ✓ Establish working relationships and a roadmap with relevant decision makers (national and transnational) in collaboration with **Thematic Community Projects** (local and regional) – Liaising strategy ✓ Deploy collective advocacy activities (including networking) with decision-makers for amplification and integration of results ✓ Pre-identify tailor-made capitalisation actions for each level of governance Establishing coordinated capitalisation mechanisms/bodies at micro, meso and macro levels ✓ Identify and promote complementarity with ongoing activities in mentoring cities (donors or recipients) ✓ Favour legislative agenda that affects the thematic communities ✓ Organise seminars to share previous experiences and transfer and mainstream methodologies in collaboration with **Thematic Community Projects** ✓ Organise complementary transfer activities to reinforce the projects' approaches in collaboration with **Thematic Community Projects** ✓ Support capacity building of public institutions in the regions to design, implement and evaluate transformative policies necessary to achieve the objectives of the thematic missions
Increase coordination between actors acting on the Mediterranean (multi-level, transnational) based on this knowledge, experience and results	✓ Implement actions to actively engage target actors in networks (created, enriched, maintained) - MoU, Charter, etc - in collaboration with **Thematic Community Projects** ✓ Identify links between legislative processes at regional and local/ and regional and national levels ✓ Facilitate cooperation and complementarity between regions and local authorities ✓ Analyse and draw up the state of the art of cooperation and capitalisation processes linked to the Programme's missions in the MED area beyond the Programme ✓ Exchange regularly on opportunities with the network of National Contact Points, National Hubs (WestMED), Thematic Steering Groups (EUSAIR) ✓ To set up a mechanism for the analysis (national policies, conditions of evolution, etc.) of opportunities ✓ Create cross-cutting working groups between initiatives, strategies and other programmes ✓ Facilitate thematic exchanges with EU DGs ✓ Facilitate exchanges with EU Parliament committees and MEPs ✓ Establish a communication and mainstreaming strategy according to the international and European agendas related to the Programme's mission and thematic priorities ✓ Promote interfaces with other initiatives and projects of other programmes to increase the coordination of actors to address a common problem targeted on a
